Mastery Writing
Student Self-study Workbook 2
Mastery Writing Self-Study Unit 2: Parent and Student Guide

This booklet is for KS3 students to practise writing on their own or with the help of a parent, guardian or carer.

What will I do and learn?

- You will learn to write well-structured action stories and fantasy quests featuring an opening, problem, solution and happy ending.
- You will learn about key grammatical rules that will make your writing more accurate and precise.

How do I use the booklet?

- Set aside 1 hour to complete each lesson (20 minutes on grammar tasks and 40 minutes on the writing task).
- Read the grammar rules and explanations carefully before completing the tasks.
- For the grammar tasks, you can find the answers in the answer booklet.

How do the lessons work?

Each lesson is divided into four parts:
1. **Do Now** reviewing previously studied grammar: 5 minutes
2. New grammar instruction and **exercise one**: 5 minutes
3. Revision **exercises two and three**: 10 minutes
4. **Error correction**: 5 minutes
5. **Explanation** of how to structure your story: 10 minutes
6. Planning and **writing** your story: 20 minutes
7. Reading and **checking** your story: 5 minutes

How can I check the quality of my writing?

- After finishing your writing, re-read and check through it. Circle the key vocabulary. Underline and label the Mastery Checks.
- Use the online [Cambridge Learner’s Dictionary](https://dictionary.cambridge.org) to check any key vocabulary you do not know.
- If you have not used all the Mastery Checks or key vocabulary, edit your work to include them.

Can parents, carers and siblings help?

Yes, of course! Family members can help in the following ways:

- Help you check your work using the answer booklet we provide.
- Help you with the planning of the story and check your writing after you have completed it using the Mastery Checks.
- Write a story at the same time as you. You could then compare your stories and check each other’s writing.

What else can I do if I love writing and I want more of a challenge?

- Keep writing stories using your own ideas.
- Use the structure you learn in this unit to write other types of stories, such as fantasy quests and mysteries.
Lesson 1

Do Now

Task: Add in the correct past simple tense verb below.

| bring | buy | do | lay | sew |

2. Zara and Mia __________ their homework.

3. The Prime Minister __________ a wreath at the Cenotaph.

4. Gavin __________ a button onto his shirt.

5. Shu-Wei __________ some crisps to the party.

Exercise 1

Here is some grammar explanation to help you with Exercise 1.

When trying to punctuate a subordinate clause and list:

- **First**, find the **independent clause** in the sentence.
- **Next**, punctuate the **subordinate clause**.
- **Finally**, punctuate the list.

Task: Punctuate these sentences correctly

1. As Kevin fell off his horse rolled down the hill and landed in a puddle he saw his life flash before his eyes.

2. The library is open on Friday Saturday and Sunday.

3. Every Saturday evening they watched films whilst they ate popcorn chocolate and crisps.

7. Ever since Bernie Joanna and Archie arrived it’s been chaos!

8. Whenever Felicia played the harp read her book or painted a picture her mother exclaimed “Look how talented my daughter is!”

Exercise 2

**Grammar**

*If we use lists in a prepositional phrase, we can tell about all the different places something happened.*

- This is an independent clause. It has a subject (I) and a main verb (like). It makes sense on its own.

> I like to play in my room, at my friend’s house and at my cousin’s flat.

*Both of these prepositional phrases keep the commas where they are. They are punctuated like a normal list.*

**Grammar**

*We know that we can move prepositional phrases to the front of a sentence. We need to add a comma after the prepositional phrase to show that a part of the sentence is out of its usual place. This is the same for a prepositional phrase that lists.*

> In my room, at my friend’s house and in my cousin’s flat, I like to play.

*This is the prepositional phrase. It doesn’t make sense on its own, but it gives more information about where I like to play.*

*This is the independent clause. It has a subject (I) and a main verb (like). It makes sense on its own.*
Task: Punctuate the sentences correctly.
1. George Orwell wrote books in a café at his house and on the streets of Paris.
2. He lived in India England France and Spain.
3. In the barn in the field and at the water trough all the animals were working hard.
4. The workhouse Animal Farm and Caliban’s island are all places where people worked for little or no pay.
5. Puck put the love potion on Lysander Demetrius and Titania.
6. Dickens Orwell and Conan Doyle wrote stories that were published in England.

Exercise 3

DEFINITION: Temporal clauses are a type of subordinate clause. They tell us when the event in the independent clause happened. Prepositional phrases tell us where it happened.
**TASK: Decide whether the examples use prepositional phrases, temporal clauses or are fragments?**

When he was younger Henry was a very athletic young man. He enjoyed sport and often played dangerous games. When he went jousting hunting and horse riding he was energetic and happy. The best times of his life were spent in the forest.

Back at the palace he had an accident when he was jousting in a competition. He wounded his leg and fell off his horse. Many people thought he was going to die, but he survived.

During February March and April he was forced to stay in bed. He applied a mixture of mashed worms the bone marrow of a pig and the hair from a black cat to the wound every day. He was very bad tempered, whilst he was ill.

Eventually Henry got slightly better. His bruises and broken bones healed. On his leg the wound still festered. Years later, he had still not recovered.
Writing

You are going to write an action story. It builds on the problem-solution story structure. It’s important to remember that the hero escapes danger through skill and not magic. We will learn about magical stories and fantasy quests later.

Let’s look at the structure for an action story.

It’s important to remember that the hero escapes danger through **skill** and **not magic**. We will come to magical stories later.

Before you write your action story, plan the story in the boxes on the next page. Use the slide below to help you.

Write the outline of your story into the boxes so that you have a plan. You may use this example.

- You should make sure you have **planned your story** by writing your ideas for each story part in the boxes on the next page.
- Look at the **vocabulary** below the image on the next page. You will need to use each of these words in your writing to help you write your action story. **Tick off the words** as and when you use them in your story.
- You will also need to make sure you have included all of the **mastery checks** in your writing. You have **30 minutes** to complete your writing.

Lesson 2

Do Now:

TASK: Add temporal clauses to the independent clauses given below. Make sure to punctuate them correctly.

1. Damien played rugby.

2. Simone won the gymnastics competition.

3. Matthew dove into the sparkling blue pool.

Exercise 1

TASK: Punctuate these sentences correctly.

1. As I ate my sandwich with ham lettuce tomatoes and pickles I noticed that the chef had left out the chicken.

2. Nearby three llamas four goats and an emu waited to be fed.

3. Whenever Dillan Bernard or Tristan stumbled a buzzer would sound.

4. Within the grounds gardens or car par, it is forbidden to exercise dogs.

5. If you leave the house car or garage, remember to lock the doors.
Exercise 1

So far, we have learned how to punctuate lists in prepositional phrases and in temporal clauses.

If you get stuck...
- First, find the independent clause in the sentence.
- Next, punctuate the subordinate clause.
- Finally, punctuate the list.

**Definition:** An independent clause is a group of words that contains a subject and a main verb. It makes sense on its own.

**Definition:** A subordinate clause adds extra information to an independent clause. It does not make sense on its own.

In the barn, in the field, and at the water trough, all the animals were working hard.

Grammar

If he washes the dishes, Jim can watch TV.
This tells us that Jim can watch TV, but adds the information that it is dependent on him doing the dishes.

Although she felt sick, Adeysia still went to the party.
Here, we learn that Adeysia attended the party and that she didn’t feel well.

Unless I run every day, I won’t win the race.
The person explains the way she will win. We know she needs to run each day.

Remember, if the subordinate clause comes before the independent cause, put the comma after it. It cannot be a sentence on its own.

Grammar

Remember, if the subordinate clause comes after the independent cause, it does not need a comma.

I will play video games rather than eat my dinner.
This adds the information that the person will play video games instead of having her dinner.

Bob will go to France whether it’s raining or sunny.
This subordinate clause adds in the information that Bob will go to France regardless of the weather.

Sue finds carrot cakes delicious because she likes carrots.
Here, we learn that Sue’s enjoyment of carrot cakes is caused by her love of carrots.
TASK: Punctuate these sentences correctly.

1. Although James loved basketball he represented his school in badminton.
2. You may go outside if you have finished your work.
3. Unless Dad made the phone call Jane would not be allowed on the school trip.
4. Even though Andrea loved playing Angry Birds she stopped playing to do her homework.
5. Max started to improve his performance because Sandeep had joined the team.

Exercise 3

TASK: Below are subordinate clauses. Make up your own independent clause to complete the sentence. These can be either before or after the subordinate clause.

Error Correction

Correct the errors in this passage. There are 7 errors.

King Henry’s final wife was called Catherine Parr. She was about the same age as him. She was very kind and spent a lot of time looking after the sick old king.

Catherine Parr was incredibly intelligent. She spoke French Latin and Italian. Because she was interested in religion. She wrote a book about how to be a good Christian. It was called ‘Lamentations of a Sinner’.

When King Henry was away fighting battles she ruled in his place. When someone ruled a country for a monarch, they was called a regent. Queen Catherine was a regent for nearly a year. If Henry had been killed she would have ruled until his children were old enough to do so. Until the king returned she was in complete control of the country.

King Henry died in 1547. In order to let the new King Edward rule from London without her. Catherine decided to live in the countryside.
Writing

In this lesson, we will focus on the openings of action stories in more detail.

The opening of a problem solved action story should do the following:

- Introduce the hero
- Tell the reader what they are attempting to do
- Make it clear what their extraordinary skill is

The information below will help you plan your story in more detail in the boxes.

Story Writing:

- You should make sure you have planned your story by writing your ideas for each story part in the boxes on the next page.
- Look at the vocabulary below the image below. You will need to use each of these words in your writing to help you write your action story. Tick off the words as and when you use them in your story.
- You will also need to make sure you have included all of the mastery checks in your writing. You have 30 minutes to complete your writing.

Lesson 3
Do Now

**TASK: Punctuate these sentences correctly.**

1. Because the sweets were in plain sight Sharmin was tempted to eat them.

2. Provided that he got good results Brendon's mother would take him out for a treat.

3. Rather than working hard for his mother’s treat Brendon just wanted to do his best.

6. In the kitchen Macy prepared the carrots peas broccoli and potatoes the day before.

7. Cigarettes are bad for you because they cause cancer in your lungs blood and liver.
Exercise 2

We have looked at several ways that we can combine independent clauses with a subordinate clause. Now we are going to look at how to add more than one subordinate clause to an independent clause.

After dinner, Christina played video games in her room.

This is a temporal clause.  This is an independent clause.  This is a prepositional phrase.

**RULE:**
- The subordinate clause that comes before the independent clause is separated from the independent clause with a comma.
- The subordinate clause that comes after the independent clause does not need a comma.

It doesn’t matter which way round the subordinate clauses go.

The writer makes a choice about which information to include first.

This sentence is grammatically correct, but does not “sound right”.

In her room, Christina played video games after dinner.

This is a prepositional phrase.  This is an independent clause.  This is a temporal clause.

In this example, it would probably be better to say, After dinner, Christina played video games in her room.
TASK: Circle the subordinate clauses and underline the independent clauses.

1) In the garage, Ben kept all of his old toys for years.

2) After a little while, Becca swept out the leaves from under the bench.

3) In town, there are lots of places to eat after work.

4) At seven o’clock, Pedro liked to eat biscuits on his sofa.

5) In the folder, the pages stayed perfect for a long time.
Exercise 3

We have learned a lot about proofreading our own work for errors. Now we are going to use the technical terms to explain how to fix the errors.

Here are the three most common errors students made:
× no comma after the temporal clause.
× an extra comma in the list.
× an extra comma after the independent clause.

Match each sentence on the left to one of the three mistakes on the right, then correct the error. There is one correct sentence. Do not match this one to an error. The first one has been done for you.

**TASK:** The task is written at the bottom of the PowerPoint slide above. The first one has been done for you.

Error Correction. Correct the errors in this passage. There are 6 errors.

Just before dawn this morning. I woke up cold, hungry and shivering. I dressed hurriedly in the cold and dark room. I had to light all the fires in the kitchen before the other servants came down.

Once I was downstairs I lit the kitchen fire so that the other servants could wash in warm water. One by one, they stumbled down. Cook came down last. She is usually bad tempered at this time in the morning. She scolded us fiercely for giggling, when Sarah dropped a pan. Although it was funny it was not worth the clip around the ear that I got for it afterwards! We thought we done well to be able to carry the pan. It was heavy!
Writing

In this lesson you are going to be focusing on the problem part of an action story in more detail.

**Part 2: Problem**

The hero encounters a problem along the way.

**The problem in a problem solved action story also does the following:**

- It explains a problem the character(s) face(s)
- Shows that the hero could die
- Sometimes shows that the problem is actually a person – a villain

Use this slide to help you plan your writing in the boxes on the next page.

1. Paolo hated vegetables
2. you must not go into the dining hall
3. we love watching television.
Error Correction
Correct the errors in this passage. There are 12 errors.

After breakfast we went to church. Even though it rained, we walked over fields through the streets and up the hill to get to the chapel. It took an hour! I heard John and Grace laughing. Because Cook does not sing in tune she was making fun of her behind her back. I turned away because I don’t want to get into any more trouble.

Later on that morning, I fetched water from the pump. Morning noon and night I had to go down to the well in the yard and fill up a wooden bucket with water. If people needed water, I brung it to them.

We had lunch, when we got back. Once I finished washing the pans scrubbing the floor and fetching the water I sat down to sew my new uniform in the kitchen. Although I like sitting down. It was really boring. While Sarah and I done our sewing, we could smell a treacle tart being baked.
Writing

We are now going to be looking at the “solution” section of an action story.

One technique you can use to help you write good solutions is Chekhov’s gun. Here is some more information about it.

To make sure our stories are satisfying, we can use what is known as **Chekhov’s Gun**.

**Anton Chekhov** was a famous, Russian playwright and short-story writer. He also wrote tips for making great stories. Here is one of his tips:

‘If, at the start of your play, you have a gun hanging on the wall, then it must be fired at the end of your play’.

**Chekhov’s Gun** is the idea that every individual part of the story should be important to the whole story.

- Ideas that are important to the whole story should be included early on.
- Ideas that are not important to the whole story should not be included.
Here is an example of how Chekhov’s gun can work in a story.

Let’s look at how a story can be planned from solution to the opening. Remember:

- Ideas that are important to the whole story should be included early on.
- Ideas that are not important to the whole story should not be included.
- This is satisfying because the solution has been prepared. Jamila is able to solve the problem because she’s a brilliant space engineer. This important idea is introduced early on.

<table>
<thead>
<tr>

<tbody>
<tr>
<td>Jamila was an excellent space engineer. She and her crew were on their way to a new planet.</td>
<td>The crew felt a shudder. They looked out of the window. Part of the engine was dangling outside!</td>
<td>Jamila left the rocket and fixed the broken engine on the side of the rocket.</td>
</tr>
</tbody>
</table>

Here is some information to help you plan your story.

Later on the family ate their fine dinner. I rushed about all evening. As I collected pans scrubbed pots and fetched more water, I could hear the music and laughter from the dining room. It sounded like heaven! Although I wanted to go and see the beautiful ladies in their dresses, jewels and finery, I was not allowed. John and Mark took some wine upstairs for the gentlemen.

“They were very handsome and rich, they are so lucky!” he said.

Mark said “They sat in the parlour drinking brandy, port and wine. I wish that I could be a gentleman instead of being rushed off my feet as a groom!”

As the night drew to a close, I felt like my feet was about to drop off. Sarah and I did not go upstairs straight away, we ate some bread and cheese. After we had climbed six flights of stairs, we said our prayers, got into our nightgowns, and went to bed.

“Just imagine if I was a fine lady” I thought. “How different my life would be!”
Writing

In the next lesson, you will study a new story structure. This is the last action story you will write. For this final problem solved action story, you will form a happy ending. In an action story happy ending, the hero is rewarded.

Discuss what kind of reward would be most appropriate for each of these heroes.

It has always been Jamila’s dream to discover a new planet. That’s why she worked so hard to come top of her class in space school.

Jane loves her country and will do anything she can to protect it. The navy is her home and she has become a skilled captain over the years.

Here is some information to help you plan your story.

Write the outline of your story into the boxes so that you have a plan.

_Sally jumped over the fence, she was scared of dogs._

_We also learned that you can correct a comma splice by turning the independent clauses into separate sentences:_

_There is a second way to correct a comma splice._

_RULE:_ You can correct a comma splice by changing one of the independent clauses into a subordinate clause.

Exercise 2

Correct the errors in this passage. There are 7 errors.

The Brontës were a Victorian family who lived in a village called Haworth. There were three sisters called Charlotte Emily and Anne. They became very famous authors and poets. They were very determined and independent. Charlotte Brontë said “I try to avoid looking forward or backward, and try to keep looking upward.”

Their father was a vicar called Patrick Brontë and their brother was called Branwell. Because he couldn't cope when his wife died, their Aunt Elizabeth came to look after the family.

When they left school the sisters became governesses. A governess lived with rich families and taught the children maths English and French. None of the Brontës enjoyed being a governess, they thought that the children were spoiled and rude. The sisters wanted to set up a school together. Although Charlotte and Emily spent a year abroad to improve their French. They had to come back early because their Aunt Elizabeth died and their brother was addicted to drink and drugs.
Writing

Over the last five lessons, you have learnt how to write a problem-solution action story. In the past, you have learnt how to write a problem-solution love story. In the next few lessons, we are going to look at a new story type called a fantasy quest.

Here is the outline of a fantasy quest story:

| Part 1: Opening | The hero is sent on a journey to find a great treasure. They are given a magical object to help them. |
| Part 2: Problem | The hero encounters a monster along the way. |
| Part 3: Solution | They use the magical object to overcome the problem and reach the treasure. |
| Part 4: Happy Ending | The hero returns home and is rewarded. |

It is also important to learn about what heroes in a fantasy quest are like.

The hero in a fantasy quest is quite different.

- They are young or inexperienced
- Although they are brave, they don’t have a particular skill
- The person tells them about their quest and gives them a magical object to help them
- The treasure they are looking for can be a special person e.g. someone they must rescue. Something terrible will happen if they don’t go
Here is an example to help you plan your story. You can plan your story in the boxes on the next page.

From a very early age the three sisters wrote lots of stories. They created tiny books for their toy soldiers to read. They used tiny handwriting, they believed adults couldn’t read it. Although Emily and Anne were the main writers. Charlotte also contributed.

When they grew up the sisters published a book of poetry in order to pay their bills. Because women were discriminated against they had to use pseudonyms, a pseudonym is a fake name. They called themselves Currer, Acton and Ellis Bell. They were able to get their work published and earn a small amount of money. The sisters continued writing.

Between them, they wrote many novels that people read today, including ‘jane eyre’ ‘agnes grey’ and ‘Wuthering Heights’. At the time many people thought that the novels were shocking. Today they are considered classics.
Writing

We are now going to look at the problem section of a fantasy quest in more detail. In this section, the hero encounters a monster on their journey.

Let’s think about what makes each monster dangerous and what sort of thing we would want to equip our hero with to defeat them.

Dangers:
- Clever
- Can create illusions to confuse
- Can use magic to hurt physically

Good weapons:
- Cold iron – witches can be killed with it
- Ability to see through tricks
- Element of surprise

Here are some ideas to help you plan your story:

Anne Brontë was born on 17th of January 1820. She was taught by her eldest sister, at school. After she had finished her education she became a governess at Blake Hall for the Ingham family, they were horrible to her. Their children were very badly behaved, and Anne was very unhappy. Her second job was as a governess for a family, in York. Initially the children were as badly behaved as the ones in her previous family but this soon changed. She was very happy and became friends with the family. Even though she loved working there, she had to leave when the children growed up.

Even though Charlotte didn’t think her writing was good enough Anne contributed 19 poems to a book of poetry by the sisters. The book was a failure, but Anne sent her Poems to be published in a magazine under the pseudonym of Acton Bell. They were published, lots of people read her work.

Because her poetry was so successful Anne Brontë wrote a book called ‘Agnes Grey’. It was a book about a governess who taught in two rich families. In both families, Agnes Grey was treated very cruelly. It was based on her experiences with her first family. She also wrote a book called ‘The Tenant of Wildfell Hall’, which was about an artist who had run away from her abusive husband. At the time she was writing it was illegal for women to live separately from their husbands, this was a scandalous novel. It caused lots of people to discuss whether this were an appropriate topic for a woman to be reading and writing about. Anne replied “All novels should be written for both men and women to read”
Writing

Read the information below to revise how you can use a problem solved structure to write a fantasy quest. We will look at the ending in more detail. The opening and the ending of a story work together. For example:

- Ideas that are important to the whole story should be included early on
- Ideas that are not important to the whole story should not be included.

Now look at the examples below. It shows how ideas that are important to the whole story are included early on.

Here is one student’s story plan. Each piece of information from the opening becomes important in the rest of the story.

<table>
<thead>
<tr>
<th>Part 1: Opening</th>
<th>Part 2: Problem</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Girl sent to recover magic stone to heal dying mother.</td>
<td>• Meets terrifying dragon.</td>
</tr>
<tr>
<td>• Stone guarded by dragon.</td>
<td></td>
</tr>
<tr>
<td>• Given magic carpet to fly around dragon.</td>
<td></td>
</tr>
</tbody>
</table>

Here is an example of what your own plan could look like. You will want to include specific details in your plan.

Write the outline of your story into the boxes so that you have a plan. You may use this example.

<table>
<thead>
<tr>
<th>Part 1: Opening</th>
<th>Part 2: Problem</th>
</tr>
</thead>
<tbody>
<tr>
<td>An old man told Sam he must rescue his sister from a evil wizard in the forest and save his mother.</td>
<td>When Sam reached the wizard, the wizard used a spell to freeze Sam next to his sister.</td>
</tr>
<tr>
<td>Cregacket attacked Sam while he was trying to break the spell. Sam grabbed Clara and jumped onto Cregacket's back.</td>
<td>Cregacket turned raging to Sam and they rode Cregacket all the way home. They talked of the adventure they had had for years to come.</td>
</tr>
</tbody>
</table>

Here is an example of a fantasy quest story that uses this image as the solution.

<table>

<th>bounded</th>
<th>escape</th>

Story Writing:
• You should make sure you have planned your story by writing your ideas for each story part in the boxes on the next page.
• Look at the vocabulary below the image. You will need to use each of these words in your writing to help you write your action story. Tick off the words as and when you use them in your story.
• You will also need to make sure you have included all of the mastery checks in your writing. You have 30 minutes to complete your writing.

Error Correction
Task: Correct the errors in the paragraph below. There are 10 errors.

Emily Brontë was born on the 20th July 1818. When she was a child she loved to create imaginary characters from the world of Gondal with her sister, Anne. When she was seventeen, she attended school, she was taught by her older sister Charlotte. However, she was very homesick, and soon returned home. She decided to set up a school with her sisters, and travelled to Brussels to practice her French and German. Because the sisters had not advertised very well the school did not succeed. Emily Brontë's first published novel was 'Wuthering Heights', which was about a forbidden love between Catherine and Heathcliff. Readers were shocked by the vivid imagery and strong female character of Cathy. They thought it was incredible that anybody could write about such shocking scenes. A woman. Emily wrote under the pseudonym Ellis Bell.
Writing

We have learnt a lot about fantasy quests over the past few lessons. Look at the slide below to remind yourself what makes a good fantasy quest. You are going to plan your story.

What makes a good fantasy quest?

- A clear, four part structure with an opening, problem, solution and happy ending.
- The hero is given a clear goal e.g. rescue someone or find treasure.
- The hero is young or inexperienced so is given a magical object to help them.
- The hero either defeats or slips away from a terrifying monster.
- Chekhov's Gun: All information given in the opening is used later in the story.

Here is an example of what your story plan could look like.

Write the outline of your story into the boxes so that you have a plan.

<table>
<thead>
<tr>
<th>Part 1: Opening</th>
<th>Part 2: Problem</th>
</tr>
</thead>
<tbody>
<tr>
<td>The hero is sent on a journey to find a great treasure. They are given a magical object to help them.</td>
<td>The hero encounters a monster along the way.</td>
</tr>
</tbody>
</table>

<table>
<thead>
<tr>
<th>Part 3: Solution</th>
<th>Part 4: Happy Ending</th>
</tr>
</thead>
<tbody>
<tr>
<td>They use the magical object to overcome the problem and reach the treasure.</td>
<td>The hero returns home and is rewarded.</td>
</tr>
</tbody>
</table>

You will first need to consider which part of your story this picture shows.

The picture shows:
- Snarled
glowed
- Carpet
- Escape
- Crept
- Floating
dismounted
terror

Lesson 11
Do Now:
Use commas to punctuate the subordinate clauses. Use speech marks to indicate the speech.

After the storm had passed we took time to assess the damage. It had been quite scary even though we had stayed indoors. When the storm first began we thought that it probably wouldn't be that bad. As time went on we began to think about food supplies. We had collected emergency food in the shed some time ago.

My father said our only option is to run out in the garden, grab some tins and run back indoors.

Everybody said no it is too dangerous. After a while the storm calmed and we could go outside see which trees had fallen and grab a bite to eat.

Exercise 1
Task: Correct the comma splices in this passage by using the words “but” and “because” or creating a new sentence. There are 6 comma splices.

The final day of primary school is such an exciting time, it feels like the end of an era and the start of something new. Some students really enjoy starting secondary school, most can feel mixed emotions. You go from being the oldest student to being the youngest, the worst thing is that you are also the smallest. Some schools take Year 7 for an early lunch, after a while you just queue up with everyone else. It is a bit daunting walking through the corridors, lots of older students bump into you with their bags. Behaviour improved when the Head Teacher put up mirrors in the corridors, the bigger students can now see how they are behaving and calm down.
Exercise 2
Task: All these students have made an error in what they say. Explain what the error is and how they should fix it.

Some of these words may help you. Some may not.

Error Correction
Task: Correct the errors in the paragraph below. There are 9 errors in total.

Charlotte was born on the 21st April 1812. She faced a lot of hardship in her life but proved to be a very determined woman. She attended two different schools. The first school was for daughters of vicars. Charlotte’s sisters, Maria and Elizabeth, became very ill at the school and died, Charlotte returned home to be with her family. Her second school was better for her, and she became a teacher there. This inspired her to set up a school, she travelled to Brussels with her sister Emily to practice her french. Despite trying very hard the school was not successful and the book of poetry she published with her sisters was a failure. Eventually Charlotte’s first novel was published under the pseudonym currer Bell. It was called “Jane eyre.” Even her publisher didn’t believe that a woman could write such a detailed book at first! “Jane Eyre” was a great success. Charlotte enjoyed the life of an author in London. She went to the opera art museums and the theatre. She made friends with other authors and artists.

Charlotte's life was not a completely happy one. Her brother and sisters all died from tuberculosis within a 9 month period. After they died she lived in Yorkshire with her father, she also married a man called Arther Nicholls. Although she was happy with her new husband her father did not like him. She was happy with her life, and published another novel, ‘The professor’ before she died.

Throughout their lives and up until the present day all the Brontë sisters have been influential characters. Even though it wasn't normal for the time they wrote about strong women who survived lots of difficult times. Their writing included characters that were interesting funny and radical.

Lesson 13

Do Now:
Task: Underline the subject in each sentence. Circle the main verb in each sentence. Main verbs tell what the subject was doing.

1. As she entered the room, Hannah was shocked because there was no one there.
2. Although the sun was blisteringly hot and blinded people, it made Dominic happy.

Exercise 1
You are now mastering plurals.

Exercise 1

Plurals are words that refer to more than one of something.
For a lot of nouns, you simply need to add ‘-s’ to the end of the word.

- Cat – Cats
- Dog – Dogs
- Professor – Professors
- Office – Offices

These are regular plurals. For these words, you just add ‘-s’ onto the end of the word to show that there is more than one.
But not all plurals are regular.
Some are irregular. This means they are not normal. They do not follow the normal rules.
Exercise 1

For **nouns** that end in a **consonant** + ‘y’ you need to take off the ‘y’ and replace it with ‘ies’.
- Cherry – **Cherries**
- Lorry – **Lorries**
- Activity – **Activities**

For **nouns** that end in a vowel + ‘y’ you usually simply add an ‘s’.
- Toy – **Toys**
- Boy – **Boys**
- Monkey – **Monkeys**

**Remember:** all of these are nouns – parts that name

Task: Complete the table by writing in the singular or plural of each noun.

<table>

<tr>

Exercise 2
Task: Correct these sentences by fixing the comma splices or adding an independent clause to any fragments.

1. Whenever I try to eat a more healthy diet

2. Fizzy drinks are harmful, most teenagers don’t even realise how much sugar is in them.

3. If I don’t remember to eat a good breakfast in the morning

5. Whenever I eat a lovely home-cooked meal

6. South Koreans eat an average of ten portions of fruit and vegetables a day, they have the highest life expectancy in the world.
Exercise 3
Task: In the next exercise, you will need to:

a) enter the correct punctuation in the spaces (speech marks and a question mark)
b) enter the correct words into the spaces.

The words in the box at the bottom of the passage will help. Be careful, though. You might need to change the words slightly to make them make sense.

On the second day after Christmas I called upon my friend Sherlock Holmes. I intended to give him my best ____________ of the season. He was lounging upon the sofa wearing a purple dressing-gown__his favourite leather slippers and ragged hat on his head.__What a miserable present__I said to Holmes.__What kind of monster would give you such a tattered hat for Christmas__.

Regrettably, our story must begin on a note of sadness. It is an unfortunate truth that: not all beginnings are happy ones. This particular story opens in a workhouse.

There was a time – the same time that our story takes place – when too many towns and cities were home to these large cold lonely buildings. Men who could not pay their bills was sentenced to hard labour here. Women and children with no place else to go lives and worked here. Children left on doorsteps with no family to call their own spent their days in the bottle-washing factories. There is nothing beautiful or warm one can say about a workhouse. Only that this is where our young hero, Oliver Twist, came into the world.

I was at Baker street at three the next afternoon, but Holmes was not. I had been waiting for about an hour when the street-level door opened. A man entered, dressed in dirty, ragged clothes. His chin was covered by a scraggly beard, and he walked with a limp it was Sherlock Holmes. I knew my friend was a master of disguise, but it was still hard to recognize him. Went into the bedroom and returned looking like himself again. He sat down by the fire and laughed.

“What a morning I’ve had, watson,” he said. “As you can guess from my disguise, I visited Miss Adler’s house in order to watch Miss Adler.”

Writing
We have now revised the three story types we have looked at so far: a problem solved love story, a problem solved action story and a fantasy quest. In the next two lessons, you will choose which kind of story type to write using a picture as inspiration. Look at the slide below for three pieces of advice about good story writing.

Now that you are going to choose which kind of story to write, we also need to consider that:

- Ideas that are important to the whole story should be included early on.
- Ideas that are not important to the whole story should not be included.
- Stories that mix more than one “type” can be confusing and unsatisfying for the reader.
The next two slides give guidance on how to write satisfying plots. Read them carefully before you plan your own story. The first slide is an example of an unsatisfying story. Read the slide to find out why.

This is an example of a satisfying story for the reader. Read the slide to find out why.

### Decide whether this story will be satisfying for the reader.

<td>Army cadet has 24 hours to disable a bomb. A little boy gives her a magic wand to help her.</td>
<td>When the cadet arrives, the bomb timer speeds up. She only has 2 minutes to disable it.</td>

<tr>
<td>Cadet climbs down from helicopter and switches magic wand. Bomb is disabled.</td>
<td>Cadet returns home a hero and thanks the boy for the magic wand.</td>
</tr>
</tbody>
</table>

**Grammar**

This story will not be satisfying for the reader. It will be confusing because this is an action story, not a fantasy story. The boy and the magic wand do not fit.

This is a satisfying story as it each part makes it a fantasy quest and all the information from the start is used later in the story.

You could add the idea that Atracia always dreamed of being a knight to the opening to make even better.

<tr>

“It’s all a part of the job, Mrs. Bumble” Mr. Bumble answered. “A town official’s job is rarely done. Mr. Bumble did not notice his wife rolling her eyes at him.

1. Which type of story will you write?
2. Which part of the story will the picture below show?
